Mrs. Marion Schrag Laid To Rest

Mrs. Marion Stewart Schrag, beloved wife of Andrew L. Schrag of Vulcan, passed away on Monday, April 22 and news of her untimely death came as a shock to her many friends in the town and district.

Calgary Power Ltd. — Wabamun Power Plant

The \$8,000,000 Wabamun Power Plant is the first major steam plant to be built and operated by Calgary Power Ltd. It represents an important part of a construction program being carried out by the Company to meet the power demand in Alberta. The plant, located 42 miles west of Edmonton on the shores of Lake Wabamun,

was completed in October 1956 and took two and a half years to build. It has an initial generating capacity of 66,000 kilowatts. By 1960, its capacity is expected to be 262,000 kilowatts.

Plans for hydro plant extensions are also going apace. The \$1,700,000 extension at the Cascade plant near Banff will double the

output from 18,000 kilowatts to 36,000 kilowatts. Extension work scheduled for completion by 1959, at the Spray and Rundle plants, will add another 72,000 kilowatts. By the fall of 1960 the Company's hydro capacity will be 320,000 kilowatts. The Company's total generating capacity will double in the next five years.

Set Up Temporary Board

Surface Rights Protective Association Is Organized

On Wednesday evening, March 17, a meeting was held at Reid Hill Hall under the auspices of Sub-district 5 of the F.U.A. for the purpose of forming a Surface Rights Protective Association in the Vulcan district. Around 43 persons attended.

Lee Richardson, Sub-district 5 director, took the chair. The meeting was addressed by Harold Lind of Nanton and Neil Mowatt of Parkland. Both these gentlemen have had considerable experience in dealing with oil interests in their own district and have spent much time during the winter addressing and being instrumental in setting up Protective Associations in the southern part of the province from High River to Pinciner Creek. They fully outlined the rights of surface owners with regard to the entry on the land of seismograph outfits for the purpose of cross sectioning and also the rights of the land owner on occupiers regarding land on which an oil well is being drilled, also the use that can be made by the occupier, in case of dispute, of the Provincial Government Arbitration Board.

At the close of the address a temporary Board and Secretary was set up representative of each district, to seek ways and means to further the work of the Association and place it on a permanent basis.

The temporary board set-up consists of the following: Lee Richardson, chairman; Donald Smith, Berrywater district; Alva Love, Red Cross; Ross Walker, Vulcan West; Ernie Bowie, Reid Hill; with Allan Sinclair as secretary.

The membership was set at one dollar for each member, 50c being kept in the association funds and 50c sent to the Provincial Surface Rights Association at Edmonton.

It is intended to have another meeting in the near future at Vulcan, which, when the date is set, will be duly advertised. At this meeting a representative from the head office of the Surface Rights Protective Association, Edmonton, will be on hand to address the meeting and supply further information and a permanent board will be chosen and further membership solicited. The present membership is 38. It is in the interests of all owners and occupiers of land to attend and receive an outline of their rights.

Miss Edith Boose of Turner Valley spent the long weekend with her mother, Mrs. Mary Boose. Mr. and Mrs. James Lucas of Calgary, are visiting relatives in Vulcan.

County Tax Rate Set At 50 Mills For Current Year

The County of Vulcan tax rate this year for the year 1957 was set at 50 mills at the County Council meeting held on Thursday, April 18. This is an increase of five mills over 1956 rate, which was 45 mills.

The tax rate is made up of 19 mills for municipal, 27 mills for school and four mills for hospital. The school rate was increased two mills due to increased school costs.

The Municipal Committee met on Wednesday, April 17, and dealt with a number of matters pertaining to the 1957 road program. A delegation from Carmangay presented a petition to the Committee complaining about the operation of the motor grader in the Carmangay area. Mr. Deitz, Chairman of the Committee, told the delegation that this matter would be looked into.

It was reported to the Committee that the small cement mixer which has been used by the road construction crew to mix cement for the rip-rapping of the ends of culverts had been stolen, and no trace had been found of the implement.

The 1957 budget provides for practically the same amount of public works expenditures in 1957 as in 1956, and it is estimated that the County will obtain an added amount of road improvement due to the earlier season and also the increased amount of machinery which is in excellent condition for the summer's work.

The School Committee, at its meeting on Monday, April 15, met the Negotiating Committee of the A.T. in respect to a salary schedule for the forthcoming school term, and failed to reach an agreement. A motion was passed to apply to the Minister of Trades and Industries for a conciliator to hear future bargaining in an effort to arrive at an agreement.

The School Committee decided to make a tour of all the schools in the County in the near future, and inspect the amount of renovation and work to be undertaken headings below:

IN MEMORIAM

RHODES—In loving memory of our dear mother, Mrs. Jennie Rhodes, who passed away April 27, 1955.

You have left a beautiful memory,
And sorrow too great to be told,
But to us who have loved and lost you,
Your memory will never grow old.
There is an ache in our hearts today,

A place in our heart that nothing can fill;
We miss you, and we always will.
